## Epic Beaker Update #5 Interface Changes

Dear Regional Pathology Services Clients,

Nebraska Medicine/UNMC is continuing its transition to Epic Beaker Laboratory Information System (LIS), integrating all lab departments with other Epic applications already in use.

Additional Beaker-driven changes include:

- Blood bank and special coagulation
- General updates to result codes.
- Creation of new result codes to support rebuilt tests and unified reporting logic.

**TEST BUILD CHANGES:** See [Epic Beaker Updates](#) for a summary of changes.

ABORH	CORDB	IAS	RABORH	RFIAS	TPSD
ABTI	DAT	LEYDN	RABTI	RHD	TRRXN
ADDRBC	GBSPCR	LUPP	RCDIFD	RH DU	TYIAS
ATGRC	HEMCH	PRLEY	REFAGB	RHIMG	TYIOB
CARBAR	HSDBK	PROTH	REFCB	TCRY	TYPOS
CELSCR	HYP CGP	RABID	REFDAT	TFFP	XM

**These changes will be implemented with the Beaker go-live, June 2026.**

A summary of Epic Beaker changes are available on [www.reglab.org](http://www.reglab.org) under the Information Systems tab. Thank you for your partnership as we are making these improvements.

**Please contact RPS Interface Support with questions:**
